# **Notification Settings**

Notification settings allow users to opt out of receiving specific kinds of notifications and establish thresholds for those they want to receive. Set thresholds to only receive notifications when a grade or score falls below the selected percentage or a lunch balance falls below the selected dollar amount. Click the arrows to change the threshold or click and drag the dot.

Notifications are not sent for any tools that have been disabled by the district. Only districts using Campus Food Service receive low balance notifications.

- The Account Security Email is the email used if a user forgets their username or password.
- Passwords can only be modified if the district has enabled Password Reset. Strong passwords are enforced, meaning that passwords should have a mix of letters, number, and characters to make them more secure.
- E-Signature PINs are used to electronically verify and sign Meal Benefit Applications. This field is only available if enabled by the district.
