

Marshall Public Schools

Community Conversation 2021

During the Community Conversation attendees came up with a list of priorities they would like to see highlighted in response to this question: ***It's 2033 and what has Marshall Public Schools done to address the evolving needs of all students so they are college, career and life-ready?***

The priorities are listed below based on the votes given during the Community Conversation, and then were voted on by the Board of Education.

Marshall Proud

It's 2033 and what has Marshall Public Schools done to address the evolving needs of all students so they are college, career and life-ready?	CC Event	BOE
Increase student achievement through student engagement, equitable & rigorous instruction, citizenship, inclusive of all students and families, through vertically aligned curriculum.	37	7
Student career exploration and work opportunities in the community.	32	6
Increase enrollment by expanding course offerings, soccer, swimming, tennis, and increased participation in the arts including auditorium facilities.	28	6
Multi-cultural engagement, immersion & inclusion through support for English Second Language students and families.	25	6
Increase student involvement through maintaining school facilities, consider student voice on district decisions, student-led social media communication, & install a communication marquee.	22	2
Foster staff retention through professional development, compensation, appreciation, and trust.	21	7
Develop a "community school" where health care, dental, mental health, adult education, food and clothes pantry, and facilities for resident use.	17	1
Expand financial literacy for students and adults.	12	
Create a campus walking path created by volunteer groups. Foster volunteering across our community.	7	
Increase Board of Education recognition of student and staff achievements.	4	
Include family voice in important/integral decisions.	3
