Daily Geography Week 24

Remember that you can get help from parents finding answers. Have parents check your answers and sign your sheet before handing it in.

1. Through which state does the Arctic Circle pass?
2. In which direction do you go to travel from Madison, WI, to Bismarck, ND?
3. Locate and name the three large gulfs that are close to the United States.
4. Which two states have cities named Kansas City?
5. On which continent is Lebanon located?
6. Ottawa is the capital of what country?
7. What are the two **major** mountain ranges in the contiguous United States?
8. Name the capital of Massachusetts. Is it on a coast?
9. Three states border one country and five states. What are they?
10. Arrange these states according to their land areas, smallest to largest: Texas, Delaware, Alaska, & South Carolina.
