

RESOLUTION in Support of Increasing Special Education Funding in Wisconsin Public Schools to 90% of the Cost Incurred

December 19, 2018

WHEREAS, it is the responsibility of the 421 local Wisconsin public school districts to support the educational needs of ALL students, INCLUDING those who are differently abled, and

WHEREAS, the federal government has a stated commitment to fund 40% of the costs of supporting students with special needs, but funds merely 15%, and

WHEREAS, the state of Wisconsin had statutory language to fund over 60% of costs related to special education, but now funds merely 26%, and

WHEREAS, the State of Wisconsin has not increased funding in public school special education categorical aid for a decade but has increased it for private schools using the special education scholarship which was not debated or voted on by the legislature, and

WHEREAS, the Legislative Fiscal Bureau recently concluded that because of the historic **underfunding** by the state and federal governments, public school districts must now fund over \$1 billion to cover the educational costs associated with implementing Individual Educational Programs (IEPs), and

WHEREAS, as a result of this **underfunding**, districts across Wisconsin must cut critical programs supporting the education of **ALL** students to support the legislatively mandated special education costs, and

WHEREAS, Wisconsin now has special needs scholarships (vouchers) which benefit students in private schools, and

WHEREAS, these vouchers serve children, 75% of whom already were in private schools, and allow private schools to send back and/or leave children with the greatest special education needs in the public schools, and

WHEREAS, Wisconsin public schools are required by law to continue serving all special education students in private schools, whether or not they receive a voucher, putting public schools out more money to pay for these public school special education educators i.e. teachers, physical/occupational therapists, speech/language pathologists, and

WHEREAS, private voucher schools, despite getting increased funding for special needs students, are not required to have certified/licensed special education staff or follow specified IDEA special education mandates, and

WHEREAS, these special needs vouchers for private schools are paid at a 90% reimbursement rate, while students with the greatest special needs in Wisconsin public schools are only funded by a 26% reimbursement rate.

WHEREAS, the Marshall Public Schools would increase special education funding by \$744,325 when using the same percentage of reimbursement (90%) presently used for private schools.

FURTHER, it is believed that Wisconsin public school children are worth reimbursement equal to that of private school children.

THEREFORE, BE IT RESOLVED that the Marshall Public Schools calls on Governor Evers, Speaker Vos of the Wisconsin State Assembly and Majority Leader Fitzgerald of the Wisconsin State Senate to increase reimbursement for public schools to a rate of 90% for special needs students, matching the reimbursement rate given to private schools under the legislated Special Needs Scholarship Program.

IN WITNESS WHEREOF, the undersigned, being all of the members of the School Board for the Marshall Public Schools, Marshall Public Schools Superintendent and Marshall Public Schools Director of Special Education have executed this resolution the 19th day of December, 2018.

Signatures:

Dr. Daniel Grady, Superintendent, Marshall Public Schools

Brian Sutton, Director of Special Education, Marshall Public Schools

John Lutz, President, Marshall Public Schools Board of Education

Debbie Frigo, Vice President, Marshall Public Schools Board of Education

Mike Rateike, Treasurer, Marshall Public Schools Board of Education

Cecil Chadwick, Member, Marshall Public Schools Board of Education

Heather Herschleb, Director, Marshall Public Schools Board of Education

Paul Wehking, Director, Marshall Public Schools Board of Education
