**EXTRACURRICULAR ACTIVITIES**

The district shall provide a balanced program of student activities for males and females and within the various age-level needs of students. Such activities are recognized by the Board as vital in the overall education of children.

The Board encourages the full participation of elementary and middle school students in extracurricular and recreational programs and activities. For purposes of Board policy, “full participation” means fair and equal participation to the extent that the budget, facilities or type of activity allows.

Students wishing to participate in such activities must meet established eligibility requirements.

Marshall Public Schools shall not discriminate in admission to any program or activity, standards and rules of behavior, disciplinary actions or facilities usage on the basis of sex, race, religion, national origin, color, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional or learning disability or handicap. Discrimination complaints shall be processed in accordance with established procedures.
