The Marshall Public School District does not discriminate against pupils' marital or parental status, sexual orientation, or physical, mental, emotional, or learning disability or handicap in its education programs or activities. Federal law prohibits discrimination in employment on the basis of age, race, color, national origin, sex (which includes gender identity, gender expression, transgender status, and gender non-conforming behaviors), or handicap.

The district encourages informal resolution of complaints under this policy. A formal complaint resolution procedure is available, however, to address allegations of violations of the policy in the Marshall School District.

Any questions concerning this policy should be directed to:
